

## Aquila Project

In our lifelong learning centre you can gain qualifications in gardening, farming and cooking, and learn craft skills to work with wood, leather and metal.

## Day Opportunities

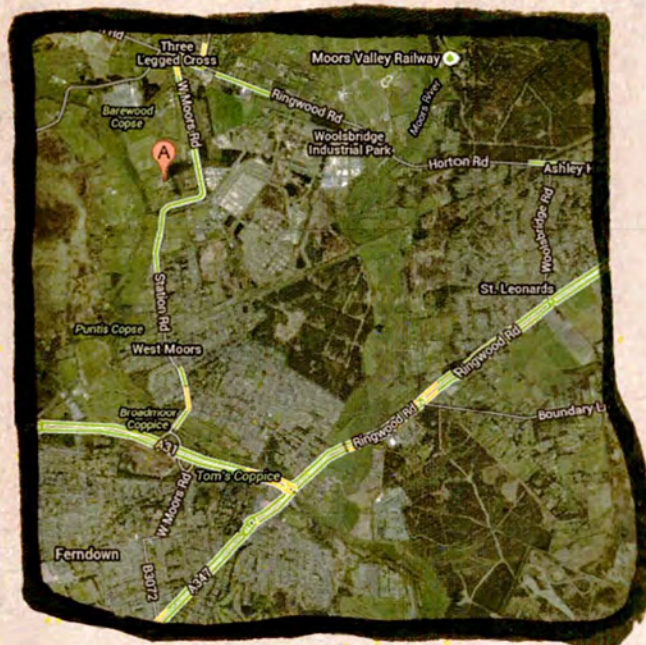

We provide meaningful work activities for people with support needs and encourage personal growth and development.

At Sturts Farm you can:

- enjoy the outdoors
- learn new skills
- make new friends
- be part of a team
- grow and cook healthy food
- keep fit and active
- join a growing enterprise
- develop creativity

## STURTS FARM

**LAND BASED**  
**SOCIAL ENTERPRISE**  
**DAY OPPORTUNITIES**

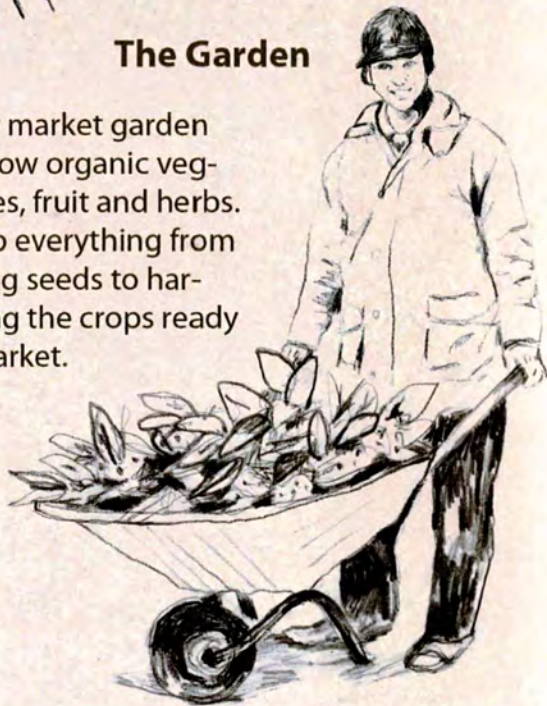

## The Farm

The farm team look after our 100 acre organic farm, including the fields, hedges and fences, and the muckheaps! There are beef cattle, pigs, sheep and chickens to take care of, and our cows are milked by hand in the dairy.

## The Garden

In our market garden we grow organic vegetables, fruit and herbs. We do everything from sowing seeds to harvesting the crops ready for market.

## The Creamery

The fresh milk from our Shorthorn Dairy herd is made into delicious organic cheese and a variety of dairy products by the Creamery team, to be sold in the Farm shop.

## The Foodstore

Our team in the food processing workshop make delicious jams and chutneys from our own produce. We also offer a **lunch club** with nutritious, healthy eating in mind.

## The Market Stall

We sell our produce at our market stall every Wednesday outside The Lantern Centre Folly Farm Lane, just outside Ringwood. Take a look at our Facebook page:

[www.facebook.com/sturtsmarketstall](http://www.facebook.com/sturtsmarketstall)

## The Art Studio

The Art Studio brings the opportunity to promote creativity and work with different ways of communication through art. Our team, engaged in the studio activity, explore their own imaginaries, and with the things they find, we produce handmade printed cards, and coming soon, handmade printed bags and notebooks!

## The Farm Shop

Our new Farm Shop is due to open at Gulliver's Farm, West Moors during winter 2014. We will have a deli counter, and be selling Sturts produce along with other local and organic foods.
